

Taste to Life!

COMPANY CATALOGUE

Updated August 2024

LIFE stands for 'Lavorazione Importazione Frutta Essiccata' (Processing and Import of Dried Fruit). Since 1940, we have been producing and distributing nuts as well as dried and dehydrated fruit of all kinds... because

We have a taste for LIFE!

An Italian company

We are a family-owned Italian business. Since 1940, we have been working with enthusiasm and passion to provide you with the value of flavour every single day. We do this with a great deal of commitment and respect to ensure your wellbeing in a vibrant, innovative way.

Our selection

We have scoured both Italy and the rest of the world for you, carefully selecting only the finest products to create specialised delights from the fruits of nature. We handpick the best suppliers and the most suitable production areas to source our products, carrying out regular on-site checks in all our locations across multiple countries. Over time, we have established important partnerships with all the major global players, helping to guarantee the high quality of our products.

Quality

Meticulous oversight and quality control in our production chain are at the heart of LIFE's success. A winning blend of established experience and innovation, age-old wisdom and new technologies, results in an ideal balance struck between historical roots and continuous renewal.

1940

Cavalier Mario Tibaldi establishes LIFE s.r.l.

1960

With Cavalier Tibaldi at the helm, LIFE fine-tunes its method of processing and drying fruit

1970

First company restructuring
Originally a small family business, LIFE becomes a fully-fledged company

1980

Second company restructuring, resulting in LIFE moving up into the prominent position that it now holds

2000

LIFE 2.0 - Having conquered both the Italian and European markets, the company continues evolving, with new drying and roasting plants

2020

LIFE now has 12 product lines, 3 of which have been created in partnership with the Fondazione Umberto Veronesi and Slow Food
